Political Dysfunction Increases as Religion in Politics Rises.

Newspaper headlines ask if our government can be fixed. Our current political system seems polarized, impotent, and dysfunctional. How did the nation get into such a dilemma? Our current political stalemate has been building to this for several decades and a new book, *Religious Right: The Greatest Threat to Democracy* explains what is really happening. Religious extremists are hijacking our government, courts, and culture.

Introducing an exciting new book that explains in plain English who the Religious Right are and how they seriously impact you, your family, city, and nation, whether you realize it or not.

This work is a timely expose on the Religious Right that gives insight into the network's blueprint for America. This book covers everything from Christian Reconstructionists, Dominionists, Quiverfull, Seven Mountains Mandate, to the war on women and attacks on public schools. You will find out who the leaders of the movement are and their tactics. It explains and documents a stealthy hijacking of the government, courts, schools, even our history, and popular culture. The book includes interviews, research, and bibliography. Presentation is organized and systematic while in plain English. Shares how to get involved and make a difference in your community to protect your rights and preserve democracy.

This book is written by an insider who left the Religious Right fold. The author shares why this extremist group believes they are mandated to have dominion over every aspect of life in the United States. The author exposes how their vision for America is not a democracy at all. A must read.

The book is well researched with revealing interviews included, current events explained, and is complete with a bibliography.
